HL108GB

Halogen Work Light 120W

Easy grip locking nut

120W adjustable lamp

Tempered glass face with safety grill

120W powerful linear tungsten halogen tube

Die cast aluminium lamp body

1.8m power cord

The Arlec 120W portable halogen floodlight features a die cast aluminium lamp body, a powerful 120 Watt linear tungsten halogen tube and an IP54 weather resistant rating, making it perfect for indoor or outdoor use.

Product Code	HL108GB	Package Dimensions	170 x 170 x 175 mm
Globe Fitting Type	R7S Halogen	Number of Globes	1
Maximum Globe Wattage	120W	Cord Length	1.8m
Weather Resistant	IP54		

ARLEC

HL110GB

Halogen Work Light 400W

Easy grip locking nut

400W adjustable lamp

Tempered glass face with safety grill

400W powerful linear tungsten halogen tube

Die cast aluminium lamp body

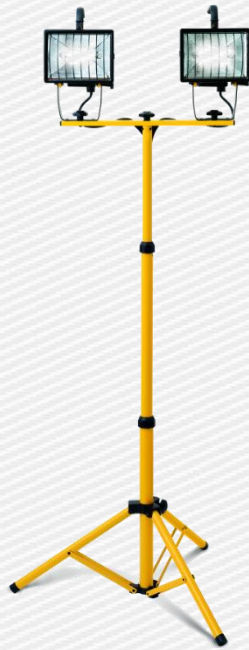

1.8m power cord

The Arlec 400W portable halogen floodlight features a die cast aluminium lamp body, a powerful 400 Watt linear tungsten halogen tube and an IP54 weather resistant rating, making it perfect for indoor or outdoor use.

Product Code	HL110GB	Package Dimensions	220 x 163 x 265 mm
Globe Fitting Type	R7S Halogen	Number of Globes	1
Maximum Globe Wattage	400W	Cord Length	1.8m
Weather Resistant	IP54		

HL21GB

Halogen Work Light 800W

Sturdy telescopic steel tripod

2 x 400W adjustable diecast aluminium lamps

Tempered glass face with safety grill

3 x 400W powerful linear tungsten halogen tubes

Adjustable tripod folds away for storage

1.8m power cord

The Arlec 800W Halogen Work light features twin 400W halogen lamps with an IP54 weather proof rating making it an ideal indoor/outdoor lighting system for use by contractors, tradesman and the DIY handyman.

Product Code	HL21GB	Package Dimensions	270 x 157 x 600 mm
Globe Fitting Type	R7S Halogen	Number of Globes	3 (2+1 Spare)
Maximum Globe Wattage	800W	Cord Length	1.8m
Weather Resistant	IP54		

WL10GB

LED Clamp Light 10W 700 Lumen

Easy grip locking nuts

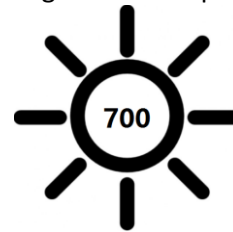

Hanging hook & table clamp

Weather Proof

High lumen output

Aluminium heat dissipation fins

1.8m power cord

10 watt 100-degree wide angle slimline LED floodlight for desk or workshop table mounting. Supplied with a table clamp and hanging hook

Product Code	WL10GB	Package Dimensions	183 x 150 x 90 mm
LED Type	SMD LED	Colour Temperature	5000K
Wattage	10W	CRI	≥80
Weather Resistant	IP65	Light Output	700

WL111GB

Handheld LED Work Light 10W 700 Lumen

High impact casing

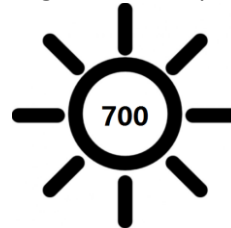

Convenient hanging hook

Frosted lens

High lumen output

Weather resistant

5 m power cord

This super bright, 700 Lumen LED work / inspection light is made with tough impact proof housing and diffused lens to illuminate a larger area. It comes with a hook-on top for hands free use. This light is powered by 230Vac and has a 5-meter cable for convenience.

Product Code	WL10GB	Package Dimensions	360 x 90 x 80 mm
LED Type	SMD LED	Colour Temperature	5000K
Wattage	10W	Cord length	5m
Weather Resistant	IP44	Light Output	700 lumen

WL60GB

Handheld Work Light 6W 5m Lead

High impact casing

Hanging hook design

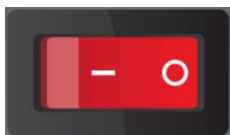

Heavy duty lamp cage

60W Max E27 socket

ON/OFF switch button on handle

5m power cord

60W E27 Globe inspection work light features a high impact resistant metal cage. Comes with 5m lead and on/off switch.

Product Code	WL60GB	Package Dimensions	360 x 90 x 80 mm
Globe Fitting Type	E27	Impact Resistant	Yes
Maximum Globe Wattage	60W	Cord Length	5m
